GENERAL

MATH HONOR SOCIETY - Lots of news! If you are a senior and you want a Math Honor Society cord for graduation, please stop by G216 for a form. Form and money are due by March 25th. Also we have a meeting today in G216. We'll be discussing how to interview for a job, how to read your pay stub and what a degree may mean to your future. Bring your lunch.

DOES CHEMISTRY INTEREST YOU? Come join Chemistry Club in room K-5 for live experiments and discussion! Today we will be making slime that you can take home.

ROP - CAREER TECHNICAL EDUCATION: Please encourage your sophomore or junior to stop by the ROP office and see the variety of classes available for next year. These classes provide an excellent opportunity to learn about careers while earning high school credits. All classes are taught by industry professionals. These courses can provide students a great opportunity to learn about a career they may be interested in before spending the time and money on college-level courses. Some of our courses have a course articulation agreement with COC. For a current schedule of classes and course description, visit our website at www.hartROP.com or have your student see Mrs. Gaines in the ROP office.
